1.0 Introduction

The University of Connecticut (hereinafter referred to as the “University”) is seeking proposals for an experienced and qualified vendor to conduct a feasibility assessment and develop a report of their findings. The contractor will remain available for the remainder of the term of the agreement for subsequent subject matter expertise, consulting, support, and related services. The University is seeking proposals from qualified consultants (hereinafter referred to as "vendor", "proposer", "bidder", or "respondent") to assist the University in such activities.

2.0 Background - About UConn

The University is a Land, Sea, and Space Grant consortium institution. The main campus is located in Storrs, Connecticut and regional campuses located throughout Connecticut. Regional campuses include Avery Point in Groton, Stamford, Waterbury, and Hartford. Its academic health center, UConn Health, is located in Farmington, Connecticut. Detailed University demographics are available via the following link: [2020 Fact Sheet](#)

About UConn: - (UCONN's NEAG School of Education): UCONN's NEAG School of Education (<https://education.uconn.edu/>) is at the preliminary stages of building a cloud-based business intelligence data system for its two educational leadership preparation programs, which include its program for principals, the University Administrator Preparation Program (“UCAPP”) (<https://ucapp.education.uconn.edu/>), and the Executive Leadership Program (“ELP”) for superintendents. This system will use the open-source Ed-Fi data standard (<https://www.ed-fi.org/>) and Microsoft cloud products. The goals of such system include collecting, warehousing, analyzing, and visualizing data which (1) yield intelligence about our applicants, students, alumnae, graduate-practitioners, and program mentors; (2) assist the program director, staff, and faculty to practice evidence-based decision-making and conduct continuous improvement cycles between and in preparation for accreditation windows; and (3) provide reports and other visualizations to department leadership, school of education leadership, university leadership, state leadership, and other stakeholders, including accreditation bodies and grant-giving entities, trusts, and foundations. Our longer term vision also may consider (1) connecting throughlines between both UCAPP and ELP as well as the UCONN teacher preparation program (<https://teachered.education.uconn.edu/>); (2) integrating with external State Educational Agencies/Local Educational Agencies (“SEA/LEA”) educator pipeline initiatives; and (3) partnering with other university educator preparation programs in Connecticut.

3.0 Scope of Work

To facilitate moving forward with this initiative, the University seeks to engage a consultant in providing subject matter and concept evaluation expertise, consultation, review, design and subsequent integration and project support services.

The overall project is expected to take place in several phases. It is the intent of the University to utilize the contract resulting from this RFP to support its immediate planning needs, as well as future efforts relevant to this RFP’s scope. Due to the incremental nature of the funding model supporting the efforts

requiring these services and the complexity of program needs, the resultant contractual relationship may dictate that the University may/will require execution of all or some of the phases outlined below.

3.1 Project Framework: Please provide capabilities for your firm to perform all phases of work outlined in the below framework within the Technical Proposal required pursuant to section 5.5.4.

3.1.1. Phase 1: Initiating and Design Phase Services – Evaluation/Feasibility study of the effort:
The selected firm will provide design services including a feasibility study (the “Initiating and Design Phase Services”). The Initiating and Design Phase services will also help determine potential high-level costs for budgeting and planning purposes in association with NEAG’s current grant requirements.

The execution of subsequent phases may be contingent on future grant funding available, and on the recommendations that inform NEAG’s strategic direction as a result of the Initiating and Design Phase. Deliverables for the Initiating and Design Phase Services include:

- a. Consult with the relevant University stakeholders on upcoming projects and plans and subsequently review, validate, and provide technical guidance for proposed Microsoft-based/ED-FI standard data system architecture. This may include but not be limited to considerations for infrastructure, security, integrations, etc.
- b. Verify security of potential solutions to ensure FERPA and state data governance and compliance standards are met as required;
- c. Compile high-level cost estimates for all services within proposed architecture options to help facilitate University’s budgeting and grant submission needs;
- d. Define and share insight on how University can best approach operational and contingency planning, ongoing maintenance and management of the system, It is anticipated that the University will work with its Information Technology Services (“ITS”) group regarding ultimate management of the cloud infrastructure.
- e. Produce a detailed report, including a project plan proposal with detailed projected costs to inform planning and budgeting.

The deliverable document shall also detail the technical architecture and roadmap, covering in-depth technical specifications and design considerations based upon industry best practices, and input from NEAG and the University on preferred program direction.

All Phase 1 work must be completed and invoiced by 12/31/2020. Should all work as part of this phase not be completed by that time, work must stop and the University and Contractor shall:

- Negotiate compensation on a pro-rated basis. Proration shall be based on the percentage of completion of each project milestone within Phase 1, as compared to the project plan.
 - Milestones not yet initiated or with zero hours worked will be assigned a \$0 value. Time cards and reporting shall be submitted by the Contractor weekly to assist with tracking and potential pro-ration.
 - The percentage of project milestone completion within Phase 1 will be reviewed by all involved parties. Upon mutual agreement of hours and percentages completed, a pro-rated invoice will be issued to the University for payment.
 - These discussions must be completed and final compensation due to Contractor must be agreed upon within 30 days following 12/31/2020.

3.1.2 Subsequent Phases: Subsequent to the Initiating and Design Phase Services, the University may require the firm to perform services which may include but not be limited to those outlined below.

- b. Clean and validate source data in collaboration with University prior to migration
- b. Migrate data to the new environment, as needed;
- c. Provide on-going management and support of the new environment, including operational support and configuration services. This will not include certain elements infrastructure (i.e. the operating system will be managed and patched in collaboration with ITS). Application level infrastructure will be managed in collaboration between the vendor, NEAG, and ITS.
- d. Leverage open-source APIs from the Ed-fi alliance to facilitate current and future integrations and partnership opportunities between the University, SEA/LEAs, and various educational technology companies.
- e. Participate in round-table discussions to share industry knowledge, trends, and best practices, with the University and SEA/LEAs, and various educational technology stakeholders throughout the State of Connecticut at the request of the University.

 - 6.9.2 Unless otherwise required by law, the proposed costs have not been knowingly disclosed by the Proposer on a prior basis directly or indirectly to any other.
 - 6.9.3 No attempt has been made, or will be made, by the Proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.
- 6.10 Review of References: The Proposer is required to provide references from customers who are of comparable size and scope as to the University or as directed in Section 5.8. The University is particularly interested in references that are institutions of higher education.
- 6.11 Good Faith Negotiation: If the University and selected Proposer(s) are unable to reach a mutually agreeable contract, the University reserves the right to abandon negotiations and commence negotiations with the second highest ranked Proposer. The University will be the sole judge of the suitability of the proposed Agreement(s).
- 6.12 Incorporation of Proposal: Proposals submitted in response to this RFP may, at the University's option, be incorporated into the executed contract.
- 6.13 "NO SUBSTITUTE": Unless qualified by the provision "NO SUBSTITUTE", the use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict proposers to the manufacturer, brand, make or catalog designation identification. This is used simply to indicate the character, quality and/or performance equivalence of the commodity desired, but the commodity on which proposals are submitted must be of the same or better character, quality and/or performance equivalence that it will serve the purpose for which it is to be used equally as well as that specified. In submitting a proposal on a commodity other than as specified, proposer

shall furnish complete data and identification with respect to the alternate commodity bidder proposes to furnish. Consideration will be given to proposals submitted on alternate commodities to the extent that such action is deemed to serve best the interests of the State. If the proposer does not indicate that the commodity he/she proposes to furnish is other than specified, it will be construed to mean that the proposer proposes to furnish the exact commodity described. Any substitutions must meet or exceed all specification requirements and must receive approval in writing from the appropriate party at the University prior to any order being filled.

6.14 Ownership of Samples: Any product, whether acceptable or unacceptable, developed under a contract awarded as a result of this RFP or submitted in pursuit of a contract award shall be the sole property of the University unless otherwise stated in the contract or otherwise.

6.14.1 The quality of accepted samples does not supersede the specifications for quality in the RFP unless the sample is superior in quality and is identified as an alternative to the product/service requested. All deliveries shall have at least the same quality as the accepted sample.

6.14.2 Samples shall be furnished free of charge. Proposer must indicate if return of any sample is desired. The University shall comply with such request provided samples are returned at Proposer's sole cost and expense, FOB Proposer's destination, and that they have not been made useless by testing. If they are made useless by testing, the State may dispose of the samples as it deems to be appropriate. Samples may be held for comparison with deliveries.

6.15 Proposal Preparation: The University will assume no cost for proposal preparation and/or submission. All costs will be borne at Proposer's expense.

6.16 Confidential Information: The University treats Proposals as confidential until after the award is issued. At that time, they become subject to disclosure under the Freedom of Information Act. If a Proposer wishes to supply any information, which it believes is exempt from disclosure under the Act, said Proposer should summarize such information in a separate envelope and each page submitted should clearly state "Confidential," but otherwise be presented in the same manner as the Proposal. However, any such information is provided entirely at the Proposer's own risk and the University assumes no liability for any loss or damage which may result from the University's disclosure at any time of any information provided by the Proposer in connection with its proposal.

6.17 Freedom of Information: While the University may be willing to agree not to disclose the information proactively, the University is subject to the Connecticut Freedom of Information Act, found in Chapter 14 of the Connecticut General Statutes, which may require disclosure, should the document be requested with limited exceptions. Two such exceptions that might apply are as follows: (1) Conn. Gen. Stat. sec. 1-210(b)(24) permits the University to withhold records related to the procurement process while bidding and contract negotiations are underway (this moratorium is temporary and lasts only until the contract has been executed or negotiations are abandoned); and Conn. Gen. Stat. sec. 1-210(b)(5) permits the University to withhold records in its possession in the

event they contains trade secrets (or really any intellectual property). In the event that the University determines that Conn. Gen. Stat. sec. 1-210(b)(5) may apply to a given request for the records in question, the responsibility to substantiate claims that said would reveal trade secrets and meet the exemption requirements to would need to be borne by the owner of said trade secrets, not the University. Further, if the entity seeking access to the documents challenges the University's withholding of the document, said owner may be required to prove at the Freedom of Information Commission and/or in a Court of Law, that the release of said trade secrets would be harmful to the owner of the intellectual property or properties in question.

6.18 Conflict of Interest: The Proposer shall disclose and identify to the University, with its proposal, any relationships, which may constitute a potential conflict of interest with the University of Connecticut Purchasing Department, or any other University organizations or departments for the purpose of determining whether a conflict of interest exists. All such disclosures require acceptance/approval action on the part of the University, who shall determine, in its sole discretion, whether an impermissible conflict exists.

6.19 Ethics and Compliance Reporting/Whistleblower Protection: The University Office of Audit, Compliance, and Ethics is responsible for handling anonymous ethics and compliance reporting. Any person who is aware of unethical practices, fraud, violation of state laws or regulations, or other concerns relating to University policies and procedures can report such matters anonymously using the information provided on their website.

6.20 Corporate Social Responsibility: In furtherance of its longstanding commitment to fundamental human rights, to the dignity of all people, and to the environment, the University requires all Vendors to adhere to the "Vendor Code of Conduct" policy. Confirmation of adherence to the University's Vendor Code of Conduct shall be part of the Proposer's response to Appendix E, Company Profile.

6.21 Minor Defects: If, during the solicitation and/or evaluation process, the University determines that a particular mandatory requirement may be modified or waived and still allow the University to obtain goods/services that substantially meet the intent of this RFP, the mandatory requirement will be modified or waived for all proposers, and all proposals will be re-evaluated in light of the change.

6.22 Notification of RFP Status: Upon completion of the RFP review process, all Proposers will receive a RFP status notification. This notification covers three outcomes: No Further Consideration, Selected to Short List, or Intent to Award.

6.23 Debriefing: Requests for debriefing by Proposer will be accommodated upon request.

6.24 OSHA Compliance: All items to be furnished shall meet all applicable local, state, and federal requirements of the Occupational Safety and Health Act. If any at any time, items or services

covered under this RFP become non-compliant with applicable law, the Proposer or Contractor shall notify the University's Director of Procurement Services immediately by registered mail.

6.25 Advertising/Licensed Merchandise/Sponsorship Opportunities: The Proposer agrees, unless specifically authorized in writing by the University, that it shall have no right to use the University's name, seal, mark of any kind including logos and its officials and/or employees in any advertising, publicity, or promotion including, but not limited to, any expression or implication of endorsement by the University.

6.26 Award: A contract will be awarded to the Proposer(s) whose proposal(s) are deemed to be the most advantageous to the University, in accordance with the criteria set forth within the RFP, taking into account the quality of the goods or services to be supplied, their conformance with specifications, delivery terms, price, administrative costs, past performance, warranty and financial responsibility. It is the University's intention to make an award for each category which will result in a multi-vendor contract. In order to best meet the needs of the University and the financial requirements of the various end users, an exclusive contract will not be issued as a result of this RFP.

6.26.1 The University may:

6.26.1.1 Reject the proposal of any Proposer who is in default of any prior contract or is guilty of misrepresentation or any Proposer with a member of its firm in default or guilty of misrepresentation;

6.26.1.2 Correct inaccurate awards resulting from clerical or administrative errors in accordance with and pursuant to the Regulations of Connecticut State Agencies;

6.26.1.3 Make an award contingent upon the successful Proposer's execution of the applicable required State of Connecticut certifications and affidavits; or

6.26.1.4 Award by item, groups of items or total bid; to reject any and all proposals in whole or in part, and to waive any informality or technical defects if, in its judgment, the best interests of the University will be served.

6.27 Exceptions to Standard RFP and/or Contract Terms and Conditions: **All exceptions to any content included in this RFP, including any appendices, must be outlined in a separate document titled "Exceptions to Terms and Conditions" which is to be included with your proposal submission.**

Failure to submit a document per this requirement will constitute acceptance to all terms and conditions and adherence to all specifications. No opportunity to negotiate terms and conditions for which an exception was not taken pursuant to this section will be allowed. The University reserves the right to exercise its authority to abandon negotiations with a Proposer per section 6.11 should there be an attempt to negotiate terms which the vendor did not take exception to pursuant to this section.

7.0 Standard Contract Terms and Conditions

The following terms and conditions will govern in the submission and evaluation of proposals and the award of a contract. Bidders are requested to carefully review the terms and conditions, as they will become part of any subsequent agreement and award.

- 7.1 **Contract Status:** The response to this RFP will be considered an offer to contract. Final negotiations on the highest evaluated offer will be conducted to resolve any differences and informalities. After final negotiations, the University in accordance with Section 7.16 will issue an acceptance of the proposal offer.
- 7.2 **Contract Format:** The resulting contract will be the product of negotiations and will be the entire agreement between the University and the Proposer, superseding and rescinding all prior agreements relating to the subject matter thereof. All of these documents signed by both parties and approved by the Office of the Attorney General will constitute the final contract. A sample of the agreement template can be found at the end of this RFP under Appendix C. Respondents are requested to include a copy of their contract form for the University's review.
- 7.3 **Contract Modification:** All changes to the contract must be agreed to, in writing, by both parties prior to executing any change.

All Bidders will receive written notification of this action after the University of Connecticut Evaluation Committee has approved the selection.
- 7.6 **Contract Commencement:** The contract will commence upon execution of the aforementioned formal agreement and final approval by the Office of the Attorney General. The Project covered under the contract will be based on the specific University requirements or requests. The University can neither project nor guarantee a specific volume of business over the term of any contract that may result from this RFP.
- 7.7 **Independent Price Determination:** In the proposals, Bidders must warrant, represent, and certify that the following requirements have been met in connection with this RFP:

In such cases, permission shall be furnished by the University in writing and must be secured prior to the awardee incurring such expense(s). Furthermore, all reimbursements shall comply with policies found at <http://www.travel.uconn.edu>. The University will not reimburse the awardee for any other miscellaneous out-of-pocket expenses.

7.10 **Sales Tax Exemption:** The University of Connecticut is exempt from Federal Excise taxes and no payment will be made for any taxes levied on the Proposer's employees' wages. The University is exempt from State and Local Sales and Use Taxes on the services and/or equipment supplies pursuant to this Agreement. The lessor pledges to do all things possible to maintain such tax exemption, including promptly assisting the University in completing any related IRS Forms including Form 8038G or GC and any associated information including the amortization schedule for each lease.

7.11 **Non-appropriation of Funds:** Notwithstanding any other provision of this RFP or any ensuing contract, if funds anticipated for the continued fulfillment of the contract are at any time not forthcoming or insufficient, either through the failure of the Connecticut Legislature to provide funds or alteration of the program under which funds were provided, then the University shall have the right to terminate the contract without penalty by giving not less than thirty (30) days advance written notice documenting the lack of funding. Unless otherwise agreed to, the contract shall become null and void on the last day of the fiscal year for which appropriations were received; except that if an appropriation to cover the costs of this contract becomes available within sixty (60) days subsequent to termination under this clause, the University agrees to re-establish a contract with the firm whose contract was terminated under the same provisions, terms and conditions of the original contract.

7.12 **Indemnification Requirements**

7.12.1 **Hold Harmless:** The bidder agrees to jointly and severally indemnify and hold the University, its successors and assigns harmless from and against all liability, loss, damage or expense including reasonable attorney's fees which the State of Connecticut may incur or sustain by reason of the failure of the bidder to fully perform and comply with the terms and conditions of any contract resulting from this RFP. - 7.16.9 Each bid is received with the understanding that the acceptance in writing by the University of the offer to furnish any or all of the commodities and/or services described therein, shall constitute a contract between the bidder and the University, which shall bind the bidder on his part to furnish and deliver the articles quoted on at the prices stated and in accordance with the conditions of said accepted bid; and the University on its part to order from such Proposer, except for causes beyond reasonable control; and to pay for , at the agreed prices, all articles specified and delivered.

- 7.36 **Intellectual Property:**
- 7.36.1 The Proposer shall pay all royalties, license fees, and patent to invention rights, or copyrights or trade and service marks and defend all suits or claims for the infringement of any patent or invention right or copyrights or trade and service marks involved in the items furnished in any contract resulting from this RFP.
- 7.36.2 The Proposer will hold and save the University and its officers, agents, servants, and employees harmless from liability of any nature or kind, including cost and expenses for, or on account of any patented or unpatented invention, process, article, or appliance furnished in the performance of any contract resulting from this RFP including its use by the owner, unless otherwise specifically stipulated.

7.36.3 Copyrights for any item specified shall be the property of the University and inure to its benefit and Proposer shall execute such documents, as University may require, for the perfection thereof.

7.36.4 The University shall retain all rights, title and interest in all its usage, user and biographical data and Proposer shall only use such data to the extent necessary for complying with its obligations to the University unless it otherwise receives express written approval from the University's designee for any other use.

7.37 **Confidential Information:**

7.37.1 The University treats Proposals as confidential until after the award is issued. At that time they become subject to disclosure under the Freedom of Information Act. If a Respondent wishes to supply any information, which it believes is exempt from disclosure under the Act, said Respondent should summarize such information in a separate envelope and each page submitted should clearly state "Confidential," but otherwise be presented in the same manner as the Proposal. However, any such information is provided entirely at the Respondent's own risk and the University assumes no liability for any loss or damage which may result from the University's disclosure at any time of any information provided by the Respondent in connection with its proposal.

7.37.2 The proposer and its employees will not disclose information acquired in connection with the performance of services under this agreement which is proprietary or confidential in nature to the University without written permission from the University. This confidentiality will continue to be in effect even after the contract has been completed or terminated for any reason. Some projects may require additional confidentiality documentation or agreements, which will vary according to the University's needs, legal requirements and scope of work.

7.38 **Responsibility of Those Performing the Work:**

7.38.1 The Proposer shall be responsible for the acts and omissions of all the Proposer's employees, as well as all other persons involved in performing any tasks associated with the provision of the goods and/or services outlined in this RFP by the Proposer.

7.38.2 The Proposer shall at all times enforce strict discipline and good order among the Proposer's employees and shall not employ any unfit person or anyone not skilled in the task assigned.

7.38.3 The contract awardee, when so determined by the University, shall dismiss incompetent or incorrigible employees from the project, and such persons shall be prohibited from returning to the project without written consent of the University.

7.39 **Freedom of Information:** While the University may be willing to agree not to disclose the information proactively, the University is subject to the Connecticut Freedom of Information Act, found in Chapter 14 of the Connecticut General Statutes, which may require disclosure, should the document be requested with limited exceptions. Two such exceptions that might apply are as follows: (1) Conn. Gen. Stat. sec. 1-210(b)(24) permits the University to withhold

records related to the procurement process while bidding and contract negotiations are underway (this moratorium is temporary and lasts only until the contract has been executed or negotiations are abandoned); and Conn. Gen. Stat. sec. 1-210(b)(5) permits the University to withhold records in its possession in the event they contain trade secrets (or really any intellectual property). In the event that the University determines that Conn. Gen. Stat. sec. 1-210(b)(5) may apply to a given request for the records in question, the responsibility to substantiate claims that said would reveal trade secrets and meet the exemption requirements to would need to be borne by the owner of said trade secrets, not the University. Further, if the entity seeking access to the documents challenges the University's withholding of the document, said owner may be required to prove at the Freedom of Information Commission and/or in a Court of Law, that the release of said trade secrets would be harmful to the owner of the intellectual property or properties in question.

- 7.40 **Mandatory Affidavits:** The Office of Policy and Management has created new ethics forms effective August 1, 2007 to assist executive branch agencies in complying with the State of Connecticut's current contracting requirements, pursuant to the Connecticut General Statutes and Executive Orders of Governor M. Jodi Rell. The University will require the applicable mandatory affidavits to be completed by the Proposer at the time of bid response **and** contract award. The required affidavits are enclosed as part of this document. Detailed information regarding the requirement of such affidavits can also be found on the Office of Policy and Management website:
http://www.ct.gov/opm/cwp/view.asp?a=2982&q=386038&opmNav_GID=1806
- 7.41 **Joint Ventures:** Bids submitted by bidders under 'joint venture' arrangements or other multi-party agreements must include a power of attorney delegating authority to one principal with authority to negotiate and execute any/all contract documents resulting from the bid.
- 7.42 **Executive Orders of the Governor:** Any Contract awarded pursuant to this solicitation is subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill, promulgated June 16, 1971, concerning labor employment practices, Executive Order No. Seventeen of Governor Thomas J. Meskill, promulgated February 15, 1973, concerning the listing of employment openings and Executive Order No. Sixteen of Governor John G. Rowland promulgated August 4, 1999, concerning violence in the workplace, all of which are incorporated into and are made a part of the Contract as if they had been fully set forth in it. The Contract may also be subject to Executive Order No. 14 of Governor M. Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services and to Executive Order No. 49 of Governor Dannel P. Malloy, promulgated May 22, 2015, mandating disclosure of certain gifts to public employees and contributions to certain candidates for office. If Executive Order 14 and/or Executive Order 49 are applicable, they are deemed to be incorporated into and are made a part of the Contract as if they had been fully set forth in it. At the Contractor's request, the University shall provide a copy of these orders to the Contractor.
- 7.43 The University of Connecticut is an equal opportunity employer.
- 7.44 **Ethics and Compliance Reporting/Whistleblower Protection:** In accordance with the University's compliance program, the University has in place an anonymous ethics and compliance reporting hotline service – 1-888-685-2637. Any person who is aware of unethical practices, fraud, violation of state laws or regulations or other concerns relating to University

policies and procedures can report such matters anonymously. Such persons may also directly contact the University's compliance office at: Office of Audit, Compliance, and Ethics, 9 Walters Avenue, Unit 5084, Storrs, CT 06269-5084; Phone 860-486-4526; Fax 860-486-4527. As a provider of goods and/or services to the University, you are hereby required to notify your employees, as well as any sub-Proposers, who are involved in the implementation of this contract, of this reporting mechanism.

7.45 **State Elections Enforcement Commission (SEEC) Requirements:** For all State contracts as defined in Public Act 10-1 having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising state Proposers of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the SEEC notice found in UConn Sample Purchasing Agreement attached to this bid solicitation.

7.46 **Nondiscrimination Warranties:** An executed Nondiscrimination Certification must also be provided by the Proposer at the time of contract execution for all contracts/agreements with corporations and other entities, regardless of type, term, cost or value.
