1.0 Introduction

The University of Connecticut (hereinafter referred to as the "University") is seeking proposals from experienced and qualified firms (hereinafter referred to as "vendor", "proposer", "bidder", "firm", or "respondent") to establish a contractual relationship with the provider of a telecommunications mobility management solution. In soliciting proposals, it is the University's intent to establish a single source for the provider and implementer of the solution. The University previously issued a Request for Information for a Telecommunications Expense Management System (February 28, 2020) which addressed components of mobility management, infrastructure and other telecommunications expense management functions. After reviewing the results of the RFI and considering the University's needs and priorities, it has been determined that mobility management needs will be addressed first as a separate component. The University may pursue procurement of other systems to address telecommunications expense management and infrastructure management in the future. Some of the systems and environment information provided in this introduction may not directly apply to the mobility management solution sought through this RFP, but the information is provided to provide a complete description of the environment to help identify where such a system might have points of interface or integration or to help identify value-added features of proposed products that may be of use. Solutions proposed may be hosted and/or managed systems or on-premise University systems. The system or service will be operated and coordinated through the University's designated representative within the Telecommunications unit of the Information Technology Services Department, the University's central IT organization. The scope of this RFP does not include the UConn Health Center.

The capabilities of a mobility management solution should include but not necessarily be limited to:

- Billing Management
- Inventory Management
- Service Catalog Management
- Work Order Management, including Provisioning, Removal and Repair to include full device lifecycle and recycling management
- Reporting Capabilities
- Integration/Interface Capabilities to other Telecommunications and Business Systems
- Archive/History Management
- Financial/Audit Management
- Contract Management

Some of these functions are currently accomplished in whole or in part by an existing Pinnacle system in combination with other systems and manual processes. The on-site Pinnacle system has evolved over many years, requires University support staff resources and has become difficult to support. While some of the functions addressed in this RFP are expected to displace some existing Pinnacle functions, Pinnacle performs some functions outside the scope of this RFP. Complete replacement of Pinnacle telecommunications expense management and infrastructure management functions may be addressed in the future.

The University acquires, operates, maintains and manages telecommunications products and services that involves:

- 6 locations: Storrs, Avery Point, Stamford, Hartford, Waterbury, and the Law School in Hartford
- 32,000 students
- 4,600 staff and faculty
- 1,300 mobile devices
- A 5ESS on 4,400-acre Storrs, CT campus – 20,000 phone numbers, 5,000 academic/administrative phones
- A VoIP deployment in progress, Cisco Call Manager with Unity 11.5 and emergency responder, eventually to displace the 5ESS – 750 phones deployed to date with completion date uncertain at this time.
- E-911 Public Safety Answering Point on campus

The University's current annual telecommunications spend is approximately \$3.5M which consists of:

- Landline Voice
- SIP Services
- Conferencing
- Cellular Services
- Wireline Data
- Internet Service
- Cable TV

Approximately \$1M of the \$3.5M current annual telecom spend is for Cellular Services.

The telecommunications staff consists of 12 people who are daily operational users with roles including Pinnacle administration, work order placement, inventory, vendor management, E-911 administration and billing. Another 8 people maintain data and the systems related to the University's infrastructure.

The existing systems used to manage telecommunications operations are:

- Pinnacle (TEM) Version 7.3
 - PINNACLE Service Manager Module
 - PINNACLE Usage Manager Module
 - PINNACLE Chargeback Manager Module
 - PINNACLE Optimization Manager Module
 - PINNACLE Service Desk Manager Module
 - PINNACLE Infrastructure Manager Module
 - PINNACLE Inventory Manager Module
 - PINNACLE E911 Manager Module
 - PINNACLE Telephony Integration Manager Module
- PeopleSoft (CoreCT)
- Jira (Service Desk)
- Kualu Financial System (KFS)
- Mobile Iron Mobile Device Management
- CAD/GIS (Campus Fiber Infrastructure)

- Network Engineering Department Database (Work Orders and specifically jack to network device port tracking)
- Carrier Portals/Data (Inventory)
- Track-It (Data Network Switches spare and repair stock inventory)
- Asset Panda (Controllable property Smartphone and Tablet Inventory)
- WhatsUp (Graphical Data Network Information)
- MS Excel (5ESS Capacity Management)
- Cisco Prime
- Open LDAP (Number Lookup)

Although the various systems perform certain functions well, they have largely been put in place independently or as part of other initiatives and are not integrated with Pinnacle. Many of the processes created around the Pinnacle application are cumbersome and require multiple points of data entry. There is significant negative impact on users and staff due to these limitations including service levels, responsiveness, and availability of financial, service and reporting information.

The solution desired is one that will create significant efficiency gains for the University by automating workflow and integrating systems. This will provide a means to supplement the existing telecommunications staff as a force multiplier, allowing the staff to apply their significant depth of knowledge toward higher level functions of telecommunications operations and customer support rather than repetitive manual processing functions.

Although not part of the University's telecommunications support systems, the university has recently begun utilizing SAP Concur.

6.8 Sales Tax Exemption: In accordance Conn. Gen. Stat. §12-412(1) (A), the University is exempt from local, state, and federal excise taxes.

6.9 Independent Price Determination: Proposer warrants, represents, and certifies that:

- 6.9.1 The proposed costs have been arrived at independently, without consultation, communication, or agreement for the purpose of restricting competition as to any matter relating to such process with any other organization or with any competitor.
- 6.9.2 Unless otherwise required by law, the proposed costs have not been knowingly disclosed by the Proposer on a prior basis directly or indirectly to any other.
- 6.9.3 No attempt has been made, or will be made, by the Proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.

6.10 Review of References: The Proposer is required to provide references from customers who are of comparable size and scope as to the University. The University is particularly interested in references that are institutions of higher education. The University reserves the right to evaluate references via email, conference call, or through the general consideration of relevancy, determined in its sole opinion.

6.11 Good Faith Negotiation: If the University and selected Proposer(s) are unable to reach a mutually agreeable contract, the University reserves the right to abandon negotiations and commence negotiations with the second highest ranked Proposer. The University will be the sole judge of the suitability of the proposed Agreement(s).

6.12 Incorporation of Proposal: Proposals submitted in response to this RFP may, at the University's option, be incorporated into the executed contract.

6.13 "NO SUBSTITUTE": Unless qualified by the provision "NO SUBSTITUTE", the use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict proposers to the manufacturer, brand, make or catalog designation identification. This is used simply to indicate the character, quality and/or performance equivalence of the commodity desired, but the commodity on which proposals are submitted must be of the same or better character, quality and/or performance equivalence that it will serve the purpose for which it is to be used equally as well as that specified. In submitting a proposal on a commodity other than as specified, proposer shall furnish complete data and identification with respect to the alternate commodity bidder proposes to furnish. Consideration will be given to proposals submitted on alternate commodities to the extent that such action is deemed to serve best the interests of the State. If the proposer does not indicate that the commodity he/she proposes to furnish is other than specified, it will be

construed to mean that the proposer proposes to furnish the exact commodity described. Any substitutions must meet or exceed all specification requirements and must receive approval in writing from the appropriate party at the University prior to any order being filled.

6.14 Ownership of Samples: Any product, whether acceptable or unacceptable, developed under a contract awarded as a result of this RFP or submitted in pursuit of a contract award shall be the sole property of the University unless otherwise stated in the contract or otherwise.

6.14.1 The quality of accepted samples does not supersede the specifications for quality in the RFP unless the sample is superior in quality and is identified as an alternative to the product/service requested. All deliveries shall have at least the same quality as the accepted sample.

6.14.2 Samples shall be furnished free of charge. Proposer must indicate if return of any sample is desired. The University shall comply with such request provided samples are returned at Proposer's sole cost and expense, FOB Proposer's destination, and that they have not been made useless by testing. If they are made useless by testing, the State may dispose of the samples as it deems to be appropriate. Samples may be held for comparison with deliveries.

6.15 Proposal Preparation: The University will assume no cost for proposal preparation and/or submission. All costs will be borne at Proposer's expense.

6.16 Confidential Information: The University treats Proposals as confidential until after the award is issued. At that time they become subject to disclosure under the Freedom of Information Act. If a Proposer wishes to supply any information, which it believes is exempt from disclosure under the Act, said Proposer should summarize such information in a separate envelope and each page submitted should clearly state "Confidential," but otherwise be presented in the same manner as the Proposal. However, any such information is provided entirely at the Proposer's own risk and the University assumes no liability for any loss or damage which may result from the University's disclosure at any time of any information provided by the Proposer in connection with its proposal.

6.17 Freedom of Information: While the University may be willing to agree not to disclose the information proactively, the University is subject to the Connecticut Freedom of Information Act, found in Chapter 14 of the Connecticut General Statutes, which may require disclosure, should the document be requested with limited exceptions. Two such exceptions that might apply are as follows: (1) Conn. Gen. Stat. sec. 1-210(b)(24) permits the University to withhold records related to the procurement process while bidding and contract negotiations are underway (this moratorium is temporary and lasts only until the contract has been executed or negotiations are abandoned); and Conn. Gen. Stat. sec. 1-210(b)(5) permits the University to withhold records in its possession in the event they contains trade secrets (or really any intellectual property). In the event that the University determines that Conn. Gen. Stat. sec. 1-210(b)(5) may apply to a given request for the records in question, the responsibility to substantiate claims that said would reveal trade secrets and meet the exemption requirements to would need to be borne by the owner of said trade

secrets, not the University. Further, if the entity seeking access to the documents challenges the University's withholding of the document, said owner may be required to prove at the Freedom of Information Commission and/or in a Court of Law, that the release of said trade secrets would be harmful to the owner of the intellectual property or properties in question.

- 6.18 Conflict of Interest: The Proposer shall disclose and identify to the University, with its proposal, any relationships, which may constitute a potential conflict of interest with the University of Connecticut Purchasing Department, or any other University organizations or departments for the purpose of determining whether a conflict of interest exists. All such disclosures require acceptance/approval action on the part of the University, who shall determine, in its sole discretion, whether an impermissible conflict exists.
- 6.19 Ethics and Compliance Reporting/Whistleblower Protection: The University Office of Audit, Compliance, and Ethics is responsible for handling anonymous ethics and compliance reporting. Any person who is aware of unethical practices, fraud, violation of state laws or regulations, or other concerns relating to University policies and procedures can report such matters anonymously using the information provided on their website.
- 6.20 Corporate Social Responsibility: In furtherance of its longstanding commitment to fundamental human rights, to the dignity of all people, and to the environment, the University requires all Vendors to adhere to the "[Vendor Code of Conduct](#)" policy.
- 6.21 Minor Defects: If, during the solicitation and/or evaluation process, the University determines that a particular mandatory requirement may be modified or waived and still allow the University to obtain goods/services that substantially meet the intent of this RFP, the mandatory requirement will be modified or waived for all proposers, and all proposals will be re-evaluated in light of the change.
- 6.22 Notification of RFP Status: Upon completion of the RFP review process, all Proposers will receive a RFP status notification. This notification covers three outcomes: No Further Consideration, Selected to Short List, or Intent to Award.
- 6.23 Debriefing: Requests for debriefing by Proposer will be accommodated upon request.
- 6.24 OSHA Compliance: All items to be furnished shall meet all applicable local, state, and federal requirements of the Occupational Safety and Health Act. If any at any time, items or services covered under this RFP become non-compliant with applicable law, the Proposer or Contractor shall notify the University's Director of Procurement Services immediately by registered mail.
- 6.25 Advertising/Licensed Merchandise/Sponsorship Opportunities: The Proposer agrees, unless specifically authorized in writing by the University, that it shall have no right to use the University's name, seal, mark of any kind including logos and its officials and/or employees in any advertising,

publicity, or promotion including, but not limited to, any expression or implication of endorsement by the University.

6.26 **Award:** A contract will be awarded to the Proposer(s) whose proposal(s) are deemed to be the most advantageous to the University, in accordance with the criteria set forth within the RFP, taking into account the quality of the goods or services to be supplied, their conformance with specifications, delivery terms, price, administrative costs, past performance, warranty and financial responsibility. In order to best meet the needs of the University and the financial requirements of the various end users, an exclusive contract will not be issued as a result of this RFP.

6.26.1 The University may:

6.26.1.1 Reject the proposal of any Proposer who is in default of any prior contract or is guilty of misrepresentation or any Proposer with a member of its firm in default or guilty of misrepresentation;

6.26.1.2 Correct inaccurate awards resulting from clerical or administrative errors in accordance with and pursuant to the Regulations of Connecticut State Agencies;

6.26.1.3 Make an award contingent upon the successful Proposer's execution of the applicable required State of Connecticut certifications and affidavits; or

6.26.1.4 Award by item, groups of items or total bid; to reject any and all proposals in whole or in part, and to waive any informality or technical defects if, in its judgment, the best interests of the University will be served.

6.27 **Exceptions to RFP Specifications and Terms and/or Contract Terms and Conditions:** All exceptions to any content included in section 1.0 through 7.0, section 9.0, and Appendix E, Contract Form must be outlined in a separate document titled "Exceptions to Terms and Conditions" which is to be included with your proposal submission. Failure to submit a document per this requirement will constitute acceptance to all terms and conditions and adherence to all specifications, terms, and conditions.

7.0 Standard Contract Terms and Conditions

The following terms and conditions will govern in the submission and evaluation of proposals and the award of a contract. Bidders are requested to carefully review the terms and conditions, as they will become part of any subsequent agreement and award.

7.1 **Contract Status:** The response to this RFP will be considered an offer to contract. Final negotiations on the highest evaluated offer will be conducted to resolve any differences and informalities. After final negotiations, the University in accordance with Section 7.16 will issue an acceptance of the proposal offer.

- 7.2 **Contract Format:** The resulting contract will be the product of negotiations and will be the entire agreement between the University and the Proposer, superseding and rescinding all prior agreements relating to the subject matter thereof. All of these documents signed by both parties and approved by the Office of the Attorney General will constitute the final contract. A sample of the agreement template can be found at the end of this RFP under Appendix K. Respondents are requested to include a copy of their contract form for the University's review.
- 7.3 **Contract Modification:** All changes to the contract must be agreed to, in writing, by both parties prior to executing any change.
- 7.4 **Contract Assignment or Subcontract:** The resulting contract shall not be assigned, transferred, or sublet in whole or in part without the prior written approval of the University.
- 7.5 **Notification of Selected Firm:** It is the University's intention to review proposals, complete contract negotiations and execute an agreement on or before the date outlined in section 1.3. All Bidders will receive written notification of this action after the University of Connecticut Evaluation Committee has approved the selection.
- 7.6 **Contract Commencement:** The contract will commence upon execution of the aforementioned formal agreement and final approval by the Office of the Attorney General. The Project covered under the contract will be based on the specific University requirements or requests. In such cases, permission shall be furnished by the University in writing and must be secured prior to the awardee incurring such expense(s). Furthermore, all reimbursements shall comply with policies found at <http://www.travel.uconn.edu>. The University will not reimburse the awardee for any other miscellaneous out-of-pocket expenses.

- 7.10 **Sales Tax Exemption:** The University of Connecticut is exempt from Federal Excise taxes and no payment will be made for any taxes levied on the Proposer's employees' wages. The University is exempt from State and Local Sales and Use Taxes on the services and/or equipment supplies pursuant to this Agreement. The lessor pledges to do all things possible to maintain such tax exemption, including promptly assisting the University in completing any related IRS Forms including Form 8038G or GC and any associated information including the amortization schedule for each lease.
- 7.11 **Non-appropriation of Funds:** Notwithstanding any other provision of this RFP or any ensuing contract, if funds anticipated for the continued fulfillment of the contract are at any time not forthcoming or insufficient, either through the failure of the Connecticut Legislature to provide funds or alteration of the program under which funds were provided, then the University shall have the right to terminate the contract without penalty by giving not less than thirty (30) days advance written notice documenting the lack of funding. Unless otherwise agreed to, the contract shall become null and void on the last day of the fiscal year for which appropriations were received; except that if an appropriation to cover the costs of this contract becomes available within sixty (60) days subsequent to termination under this clause, the University agrees to re-establish a contract with the firm whose contract was terminated under the same provisions, terms and conditions of the original contract.
- 7.12 **Indemnification Requirements**
- 7.12.1 **Hold Harmless:** The bidder agrees to jointly and severally indemnify and hold the University, its successors and assigns harmless from and against all liability, loss, damage or expense including reasonable attorney's fees which the State of Connecticut may incur or sustain by reason of the failure of the bidder to fully perform and comply with the terms and conditions of any contract resulting from this RFP. Further, the University assumes no liability for any damage to the property, or for personal injuries, illness, disabilities or deaths the Proposer, Proposer's employees and any other person subject to the Proposer's control, or any other person including members of the general public, caused in whole or in part, by a) Proposer's breach of any term or provision of the awarded contract; or b) any negligent or willful act or omission of the Proposer, its employees or sub-Proposers in the performance of the awarded contract.

- 7.12.3 State of Connecticut agencies (University of Connecticut) may not enter into indemnification or "hold harmless" agreements. In the event of a loss by the Proposer or any third party, recourse may be found through the State of Connecticut Claims Commission, as provided under Chapter 53 of the General Statutes of the State of Connecticut, in which all claims against the State of Connecticut and the University of Connecticut will be filed with the Connecticut Claims Commissioner.

- 7.16.9 Each bid is received with the understanding that the acceptance in writing by the University of the offer to furnish any or all of the commodities and/or services described therein, shall constitute a contract between the bidder and the University, which shall bind the bidder on his part to furnish and deliver the articles quoted on at the prices stated and in accordance with the conditions of said accepted bid; and the University on its part to order from such Proposer, except for causes beyond reasonable control; and to pay for , at the agreed prices, all articles specified and delivered.

- 7.36 **Intellectual Property:**
- 7.36.1 The Proposer shall pay all royalties, license fees, and patent to invention rights, or copyrights or trade and service marks and defend all suits or claims for the infringement of any patent or invention right or copyrights or trade and service marks involved in the items furnished in any contract resulting from this RFP.
- 7.36.2 The Proposer will hold and save the University and its officers, agents, servants, and employees harmless from liability of any nature or kind, including cost and expenses for, or on account of any patented or unpatented invention, process, article, or appliance furnished in the performance of any contract resulting from this RFP including its use by the owner, unless otherwise specifically stipulated.
- 7.36.3 Copyrights for any item specified shall be the property of the University and inure to its benefit and Proposer shall execute such documents, as University may require, for the perfection thereof.
- 7.36.4 The University shall retain all rights, title and interest in all its usage, user and biographical data and Proposer shall only use such data to the extent necessary for complying with its obligations to the University unless it otherwise receives express written approval from the University's designee for any other use.
- 7.37 **Confidential Information:**
- 7.37.1 The University treats Proposals as confidential until after the award is issued. At that time they become subject to disclosure under the Freedom of Information Act. If a Respondent wishes to supply any information, which it believes is exempt from disclosure under the Act, said Respondent should summarize such information in a separate envelope and each page submitted should clearly state "Confidential," but

otherwise be presented in the same manner as the Proposal. However, any such information is provided entirely at the Respondent's own risk and the University assumes no liability for any loss or damage which may result from the University's disclosure at any time of any information provided by the Respondent in connection with its proposal.

7.37.2 The proposer and its employees will not disclose information acquired in connection with the performance of services under this agreement which is proprietary or confidential in nature to the University without written permission from the University. This confidentiality will continue to be in effect even after the contract has been completed or terminated for any reason. Some projects may require additional confidentiality documentation or agreements, which will vary according to the University's needs, legal requirements and scope of work.

7.38 Responsibility of Those Performing the Work:

7.38.1 The Proposer shall be responsible for the acts and omissions of all the Proposer's employees, as well as all other persons involved in performing any tasks associated with the provision of the goods and/or services outlined in this RFP by the Proposer.

7.38.2 The Proposer shall at all times enforce strict discipline and good order among the Proposer's employees and shall not employ any unfit person or anyone not skilled in the task assigned.

7.38.3 The contract awardee, when so determined by the University, shall dismiss incompetent or incorrigible employees from the project, and such persons shall be prohibited from returning to the project without written consent of the University.

7.39 **Freedom of Information:** While the University may be willing to agree not to disclose the information proactively, the University is subject to the Connecticut Freedom of Information Act, found in Chapter 14 of the Connecticut General Statutes, which may require disclosure, should the document be requested with limited exceptions. Two such exceptions that might apply are as follows: (1) Conn. Gen. Stat. sec. 1-210(b)(24) permits the University to withhold records related to the procurement process while bidding and contract negotiations are underway (this moratorium is temporary and lasts only until the contract has been executed or negotiations are abandoned); and Conn. Gen. Stat. sec. 1-210(b)(5) permits the University to withhold records in its possession in the event they contain trade secrets (or really any intellectual property). In the event that the University determines that Conn. Gen. Stat. sec. 1-210(b)(5) may apply to a given request for the records in question, the responsibility to substantiate claims that said would reveal trade secrets and meet the exemption requirements to would need to be borne by the owner of said trade secrets, not the University. Further, if the entity seeking access to the documents challenges the University's withholding of the document, said owner may be required to prove at the Freedom of Information Commission and/or in a Court of Law, that the release of said trade secrets would be harmful to the owner of the intellectual property or properties in question.

7.40 **Mandatory Affidavits:** The Office of Policy and Management has created new ethics forms effective August 1, 2007 to assist executive branch agencies in complying with the State of

The University will require the applicable mandatory affidavits to be completed by the Proposer at the time of bid response **and** contract award. - 7.41 **Joint Ventures:** Bids submitted by bidders under 'joint venture' arrangements or other multi-party agreements must include a power of attorney delegating authority to one principal with authority to negotiate and execute any/all contract documents resulting from the bid.
- 7.42 **Executive Orders of the Governor:** Any Contract awarded pursuant to this solicitation is subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill, promulgated June 16, 1971, concerning labor employment practices, Executive Order No. Seventeen of Governor Thomas J. Meskill, promulgated February 15, 1973, concerning the listing of employment openings and Executive Order No. Sixteen of Governor John G. Rowland promulgated August 4, 1999, concerning violence in the workplace, all of which are incorporated into and are made a part of the Contract as if they had been fully set forth in it. At the Proposer's request, the Client Agency shall provide a copy of these orders to the Proposer. The Contract may also be subject to Executive Order No. 7C of Governor M. Jodi Rell, promulgated July 13, 2006, concerning contracting reforms and Executive Order No. 14 of Governor M. Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services, in accordance with their respective terms and conditions.
- 7.43 The University of Connecticut is an equal opportunity employer.
- 7.44 **Ethics and Compliance Reporting/Whistleblower Protection:** In accordance with the University's compliance program, the University has in place an anonymous ethics and compliance reporting hotline service – 1-888-685-2637. Any person who is aware of unethical practices, fraud, violation of state laws or regulations or other concerns relating to University policies and procedures can report such matters anonymously. Such persons may also directly contact the University's compliance office at: Office of Audit, Compliance, and Ethics, 9 Walters Avenue, Unit 5084, Storrs, CT 06269-5084; Phone 860-486-4526; Fax 860-486-4527. As a provider of goods and/or services to the University, you are hereby required to notify your employees, as well as any sub-Proposers, who are involved in the implementation of this contract, of this reporting mechanism.
- 7.45 **State Elections Enforcement Commission (SEEC) Requirements:** For all State contracts as defined in Public Act 10-1 having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising state Proposers of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the SEEC notice found in UConn Sample Purchasing Agreement attached to this bid solicitation.
- 7.46 **Nondiscrimination Warranties:** An executed Nondiscrimination Certification must also be provided by the Proposer at the time of contract execution for all contracts/agreements with

corporations and other entities, regardless of type, term, cost or value. The Certification requires the signer to disclose his/her title and certify that the Proposer has in place a properly-adopted policy, which supports the nondiscrimination requirements of Connecticut law. This Certification is required for all original contracts/agreements as well as amendments.
